## THE CITY

Braşov is probably the most beautiful city from Romania and one of the most important cities of Transilvania region, surrounded by the Southern Carpathians. The city provides a mix of wonderful mountain scenery in the nearby Poiana Braşov, and medieval history with German influences in the old town.

The old town is one of the best preserved old towns in Europe with splendid architecture. There is a large ski resort on the outskirts of Brasov and Bran castle home of the infamous Dracula is only 20 minutes away.
